Knife maintenance

Knife Care with NSF H 1 Service and maintenance for knives

BRUNOX® Lubri-Food® is a lubricant, penetrating oil, conservation and service spray for the maintenance and care of hunting knives. It is used in food production, in packaging and bottling plants, agriculture, and hospitality and hotel industry, in hospitals and in the machinery manufacturing industry in these sectors.

BRUNOX® Lubri-Food® is especially an excellent lubricant for folding knives, meat slicers, and bottling plants. It guarantees very good gliding properties of the piston guide rods, etc. and already has many enthusiasts.

The product contains **no PTFE, no silicone, no acid**, it is odourless and tasteless. It is transparent and is characterized by extremely good penetration and its moisture-displacing property. Thanks to the homogeneous film formation, BRUNOX® Lubri-Food® is an excellent lubricant and a perfect corrosion protection, i.e. **a high-tech and universal all-rounder for the care and maintenance of all hunting accessories in the food industry.**
